6 May 2019

Dear Parent/Guardian,

RE: INVITATION TO PARENTS GATEWAY

Parents Gateway is a one-stop mobile app developed by MOE and Government Technology Agency (GovTech) for parents and schools to better support the children in their education journey. Through the app, you will be able to receive announcements and information on our school's programmes and activities. You can also perform administrative functions such as giving consent for your child to participate in school's activities. Should you have two or more children and they are in different schools, you will be able to receive notifications for all your children on the same app.

We would like to encourage all parents to come onboard and download the Parents Gateway. You can download the app directly from Google Play or Apple store. To login, you will be required to use your SingPass. If you do not have SingPass, please sign up on www.singpass.gov.sg or call their helpdesk at 66430555. We will appreciate it if you can download the app by **17 May 2019**.

As the platform is new, the school will require the next few months to transit and send information on school's activities through the app. I seek your understanding to allow for this run-in time. I hope the use of Parents Gateway will strengthen school-home communications for the benefit of your child.

Thank you.

Yours sincerely,

Mr Ari Manickam
Principal
